

LICENSING OPPORTUNITIES FOR STEEL DOOR MANUFACTURERS

AMBICO is an established and well-known Canadian manufacturer of specialized metal doors and frames. The firm develops and fabricates products in its plant in Ottawa, Ontario primarily for the USA and Canadian marketplaces. As well, AMBICO actively supports steel door manufacturers in South Korea, the United Arab Emirates, Qatar and India.

The company is currently expanding its global footprint by way of licensing prospects available to qualified firms.

Robust market opportunities exist in the following areas of expertise:

Acoustic Door and Frame

Assemblies, Blast Resistant Door and Frame Assemblies as well as **Bullet Resistant Door and Frame Assemblies.**

Our offer also includes a range of additional products as found at:

<https://www.ambico.com/all-products/>

Inquiries for licensing or other collaborative opportunities should be addressed to

Mr. Jack Shinder, President and CEO at jshinder@ambico.com
